Total return on purchased loans is considered a non-GAAP financial measure. See reconciliation in below table entitled "Total Return on Purchased Loans."

- 2. Deposits decreased by \$3.5 million, or 0.4%, from June 30, 2019, attributable primarily to decreases in time deposits of \$13.7 million, or 2.7%, demand deposits of \$1.9 million, or 2.7%, and money market deposits of \$1.8 million, or 0.7%, partially offset by an increase in savings and interest checking accounts of \$13.9 million, or 13.8%.
- 3. Shareholders' equity increased by \$9.8 million, or 6.4%, from June 30, 2019, primarily due to net income of \$9.6 million.

Net income decreased by \$258 thousand to \$4.9 million for the quarter ended December 31, 2019, compared to net income of \$5.1 million for the quarter ended December 31, 2018.

1. Net interest and dividend income before provision for loan losses decreased by \$98 thousand to \$15.5 million for the quarter ended December 31, 2019, compared to \$15.6 million for the quarter ended December 31, 2018. The decrease was primarily due to higher deposit and borrowing costs and lower transactional interest income in the purchased portfolio, partially offset by higher average balances in the LASG portfolio, as well as a decrease in interest expense on subordinated debt from the redemption of trust preferred securities in May 2019.

The following table summarizes interest income and related yields recognized on the loan portfolios:

When compared to the quarter ended December 31, 2018, transactional income for the quarter ended December 31, 2019 increased by \$241 thousand, while regularly scheduled interest and accretion increased by \$665 thousand due to the increase in average balances. - 2. Noninterest income decreased by \$208 thousand for the quarter ended December 31, 2019, compared to the quarter ended December 31, 2018, principally due to the following:
 - A decrease in gain on sale of SBA loans of \$638 thousand, due to lower volume of SBA loans sold in the quarter due to lower originations in recent quarters; and
 - An increase in net unrealized loss on equity securities of \$75 thousand; partially offset by,
 - An increase in gain on real estate owned of \$338 thousand, due to the gain recorded on the transfer of a loan into real estate owned, partially offset by a write-down on an existing property; and
 - An increase in gain on sale of residential loans held for sale of \$108 thousand, due to both a higher volume of loans sold and higher pricing on loans sold.
- 3. Noninterest expense decreased by \$114 thousand for the quarter ended December 31, 2019 compared to the quarter ended December 31, 2018, primarily due to the following:
 - A decrease in professional fees of \$211 thousand, due to a decrease in legal expenses related to the corporate reorganization completed in the prior period, as well as lower other professional fees;
 - A decrease in occupancy and equipment expense of \$108 thousand, primarily due to a decrease in computer equipment repairs and maintenance expense; and
 - A decrease in loan acquisition and collection expense of \$104 thousand, primarily due to collection expense reimbursements received during the quarter; partially offset by,
 - An increase in salaries and employee benefits of \$227 thousand, primarily due to increases in regular compensation and incentive compensation, offset by a decrease in stock-based compensation; and
 - An increase in data processing fees of \$172 thousand, primarily due to increased IT outsourcing costs.
- 4. Income tax expense decreased by \$76 thousand to \$2.0 million, or an effective tax rate of 28.9%, for the quarter ended December 31, 2019, compared to \$2.1 million, or an effective tax rate of 28.7%, for the quarter ended December 31, 2018.

As of December 31, 2019, nonperforming assets totaled \$21.3 million, or 1.76% of total assets, as compared to \$16.7 million, or 1.45% of total assets, as of June 30, 2019. The increase was primarily due to one LASG originated loan totaling \$2.7 million and three LASG purchased loans totaling \$2.1 million that were placed on nonaccrual, offset by the payoff of one nonperforming Community Banking loan totaling \$1.1 million during the six months ended December 31, 2019.

As of December 31, 2019, past due loans totaled \$28.4 million, or 2.84% of total loans, as compared to past due loans totaling \$14.6 million, or 1.50% of total loans as of June 30, 2019. The increase was primarily due to nine

LASG purchased loans totaling \$9.6 million, three LASG originated loans totaling \$2.8 million, and six SBA loans totaling \$1.9 million, becoming past due during the six months ended December 31, 2019.

As of December 31, 2019, the Bank's Tier 1 leverage capital ratio was 14.3%, compared to 12.9% at June 30, 2019, and the Total capital ratio was 18.5% at December 31, 2019, as compared to 18.0% at June 30, 2019. Capital ratios were affected by earnings and lower average assets in the quarter.

⁽¹⁾ The net interest rate spread represents the difference between the weighted-average yield on interest-earning assets and the weighted-average cost of interest-bearing liabilities for the period.

(2) The net interest margin represents net interest income as a percent of average interest-earning assets for the period.

(3) The efficiency ratio represents noninterest expense divided by the sum of net interest income (before the loan loss provision) plus noninterest income.

(4) Operating earnings per common share, operating return on average assets, operating return on average equity, operating efficiency ratio, and operating noninterest expense to average total assets utilize net operating earnings (non-GAAP). Net operating earnings is calculated as net loss of \$603 thousand, less non-recurring reorganization expense, net of tax, of \$6.0 million, for net operating earnings of \$5.4 million.

(5) For purposes of calculating this ratio, commercial real estate includes all non-owner occupied commercial real estate loans defined as such by regulatory guidance, including all land development and construction loans.

(6) Core deposits include all non-maturity deposits and maturity deposits aless than \$250 thousand. Loans include loans held for sale.

(7) Includes the core deposit intangible asset and loan servicing rights asset.

(8) Tangible book value per share represents total shareholders' equity less the sum of preferred stock and intangible assets divided by common shares outstanding.
