Northeast Bank Reports Second Quarter Results and Declares Dividend

Portland, ME (February 6, 2025) – Northeast Bank (the “Bank”) (NASDAQ: NBN), a Maine-based full-service bank, today reported net income of \$22.4 million, or \$2.74 per diluted common share, for the quarter ended December 31, 2024, compared to net income of \$14.1 million, or \$1.85 per diluted common share, for the quarter ended December 31, 2023. Net income for the six months ended December 31, 2024 was \$39.5 million, or \$4.85 per diluted common share, compared to \$29.2 million, or \$3.86 per diluted common share, for the six months ended December 31, 2023.

The Board of Directors declared a cash dividend of \$0.01 per share, payable on March 4, 2025, to shareholders of record as of February 18, 2025.

Discussing these results, Rick Wayne, Chief Executive Officer, said “Our National Lending Division generated \$260.4 million in originated and purchased volume for the quarter, including record originations of \$246.4 million. Our small balance SBA 7(a) program with Newity LLC as our loan service provider has continued to grow. For the quarter, we originated \$100.3 million, compared to \$82.4 million for the quarter ended September 30, 2024 and \$13.6 million for the quarter ended December 31, 2023. During the current quarter we sold \$64.5 million of the guaranteed portion of our SBA loans, generating a gain on sale of \$5.6 million. Additionally, we approved and initiated an additional at-the-market (“ATM”) offering of up to \$75.0 million of our voting common stock, which provides the Bank with the ability to raise capital if and as needed. We are reporting earnings of \$2.74 per diluted common share, a return on average equity of 21.1%, and a return on average assets of 2.2%.”

As of December 31, 2024, total assets were \$4.08 billion, an increase of \$950.9 million, or 30.4%, from total assets of \$3.13 billion as of June 30, 2024.

1. The following table highlights the changes in the loan portfolio, including loans held for sale, for the six months ended December 31, 2024:

	Loan Portfolio Changes

Net investment basis	2,392,417	1,109,192	3,501,609	1,646,756	910,213	2,556,969

(1) Initial net investment basis on purchased loans is the initial amortized cost basis net of initial allowance for credit losses (credit mark).

(2) The total return on purchased loans represents scheduled accretion, accelerated accretion, gains (losses) on real estate owned, release of allowance for credit losses on purchased loans, and other noninterest income recorded during the period divided by the average invested balance on an annualized basis. The total return on purchased loans does not include the effect of purchased loan charge-offs or recoveries during the period. Total return on purchased loans is considered a non-GAAP financial measure. See reconciliation in below table entitled "Total Return on Purchased Loans."

- Deposits increased by \$811.9 million, or 34.7%, from June 30, 2024. The increase was primarily attributable to increases in time deposits of \$773.5 million, or 59.2%. The significant drivers in the change in time deposits were the increase in brokered time deposits, which increased by \$660.5 million, and Community Banking Division time deposits, which increased by \$90.5 million compared to June 30, 2024.
- Federal Home Loan Bank ("FHLB") advances increased by \$62.6 million, or 18.1%, from June 30, 2024. The increase was attributable to one new short-term borrowing, partially offset by net paydowns on amortizing advances.
- Shareholders' equity increased by \$67.5 million, or 17.9%, from June 30, 2024, primarily due to net income of \$39.5 million and \$28.1 million of net proceeds on shares issued in connection with the Bank's ATM program.

Net income increased by \$8.4 million to \$22.4 million for the quarter ended December 31, 2024, compared to net income of \$14.1 million for the quarter ended December 31, 2023.

- Net interest and dividend income before provision for credit losses increased by \$11.5 million to \$48.5 million for the quarter ended December 31, 2024, compared to \$37.0 million for the quarter ended December 31, 2023. The increase was primarily due to the following:
 - An increase in interest income earned on loans of \$20.2 million, primarily due to higher average balances in the National Lending Division purchased and originated and Small Business Administration ("SBA") portfolios, partially offset by lower rates earned across the portfolio;
 - An increase in interest income earned on short-term investments of \$925 thousand, due to higher average balances, partially offset by lower rates earned; and

Total transactional income	5,052	0.48%	5,285	0.69%
Total	\$ 92,958	8.85%	\$ 69,745	9.13%

(1) The total return on purchased loans represents scheduled accretion, accelerated accretion, and gains (losses) on real estate owned, and release of allowance for credit losses on purchased loans recorded during the period divided by the average invested balance on an annualized basis. The total return does not include the effect of purchased loan charge-offs or recoveries in the quarter. Total return is considered a non-GAAP financial measure.

2. Provision for credit losses increased by \$1.5 million to \$1.9 million for the quarter ended December 31, 2024, compared to \$436 thousand in the quarter ended December 31, 2023. The increase was primarily related to loan growth and increases in specific reserves on certain loans.
3. Noninterest income increased by \$4.5 million for the quarter ended December 31, 2024, compared to the quarter ended December 31, 2023, primarily due to an increase in gain on sale of SBA loans of \$5.0 million, due to the sale of \$64.5 million in SBA loans during the quarter ended December 31, 2024 as compared to the sale of \$11.5 million during the quarter ended December 31, 2023.
4. Noninterest expense increased by \$3.4 million for the quarter ended December 31, 2024 compared to the quarter ended December 31, 2023, primarily due to the following:
 - An increase in salaries and employee benefits expense of \$1.4 million, primarily due to increases in regular and stock compensation expense;
 - An increase in loan expense of \$1.1 million primarily related to increased expenses in connection with the origination of SBA 7(a) loans; and
 - An increase in FDIC insurance expense of \$669 thousand, due to the growth of the Bank's asset size and an increased assessment rate.
5. Income tax expense increased by \$2.7 million to \$11.0 million, or an effective tax rate of 32.9%, for the quarter ended December 31, 2024, compared to \$8.3 million, or an effective tax rate of 37.1%, for the quarter ended December 31, 2023. The decrease in effective tax rate is primarily due to a write-down of the Bank's deferred tax asset of \$957 thousand in the quarter ended December 31, 2023 as a result of a change in Massachusetts income tax law.

As of December 31, 2024, nonperforming assets totaled \$31.3 million, or 0.77% of total assets, compared to \$28.3 million, or 0.90% of total assets, as of June 30, 2024.

As of December 31, 2024, past due loans totaled \$30.5 million, or 0.85% of total loans, compared to past due loans totaling \$26.3 million, or 0.95% of total loans, as of June 30, 2024.

As of December 31, 2024, the Bank's Tier 1 leverage capital ratio was 11.2%, compared to 12.3% at June 30, 2024, and the Total risk-based capital ratio was 13.9% at December 31, 2024, compared to 14.8% at June 30, 2024. Capital ratios decreased primarily due to the increase in risk-weighted assets and average assets from significant loan growth during the six months ended December 31, 2024, partially offset by increased retained earnings and additional capital raised under the Bank's ATM program.

Non-GAAP Financial Measures

In addition to results presented in accordance with generally accepted accounting principles ("GAAP"), this press release contains certain non-GAAP financial measures, including tangible common shareholders' equity, tangible book value per share, total return on purchased loans, and efficiency ratio. The Bank's management believes that the supplemental non-GAAP information is utilized by regulators and market analysts to evaluate a company's financial condition and therefore, such information is useful to investors. These disclosures should not be viewed as a substitute for financial results determined in accordance with GAAP, nor are they necessarily comparable to non-GAAP performance measures that may be presented by other companies. Because non-GAAP financial measures are not standardized, it may not be possible to compare these financial measures with other companies' non-GAAP financial measures having the same or similar names.

Forward-Looking Statements

Statements in this press release that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and are intended to be covered by the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. We may also make forward-looking statements in other documents we file with the Federal Deposit Insurance Corporation (the “FDIC”), in our annual reports to our shareholders, in press releases and other written materials, and in oral statements made by our officers, directors or employees. You can identify forward-looking statements by the use of the words “believe,” “expect,” “anticipate,” “intend,” “estimate,” “assume,” “outlook,” “will,” “should,” and other expressions that predict or indicate future events and trends and which do not relate to historical matters. Although the Bank believes that these forward-looking statements are based on reasonable estimates and assumptions, they are not guarantees of future performance and are subject to known and unknown risks, uncertainties, contingencies, and other factors. You should not place undue reliance on our forward-looking statements. You should exercise caution in interpreting and relying on forward-looking statements because they are subject to significant risks, uncertainties and other factors which are, in some cases, beyond the Bank’s control. The Bank’s actual results could differ materially from those expressed or implied by such the forward-looking statements as a result of, among other factors, changes in interest rates and real estate values; changes in employment levels, general business and economic conditions on a national basis and in the local markets in which the Bank operates; changes in customer behavior due to changing business and economic conditions (including inflation and concerns about liquidity) or legislative or regulatory initiatives; the possibility that future credits losses are higher than currently expected due to changes in economic assumptions, customer behavior or adverse economic developments; turbulence in the capital and debt markets; competitive pressures from other financial institutions; changes in loan defaults and charge-off rates; changes in the value of securities and other assets, adequacy of credit loss reserves, or deposit levels necessitating increased borrowing to fund loans and investments; changes in legislation and regulation under the new U.S. presidential administration; operational risks including, but not limited to, cybersecurity, fraud, natural disasters, climate change and future pandemics; the risk that the Bank may not be successful in the implementation of its business strategy; the risk that intangibles recorded in the Bank’s financial statements will become impaired; changes in assumptions used in making such forward-looking statements; and the other risks and uncertainties detailed in the Bank’s Annual Report on Form 10-K, as amended by Amendment No. 1 to the Annual Report on Form 10-K/A as updated in the Bank’s Quarterly Reports on Form 10-Q and other filings submitted to the FDIC. These statements speak only as of the date of this release and the Bank does not undertake any obligation to update or revise any of these forward-looking statements to reflect events or circumstances occurring after the date of this communication or to reflect the occurrence of unanticipated events.

(1) Interest income and yield are stated on a fully tax-equivalent basis using the statutory tax rate.

(2) Includes loans held for sale.

(3) Nonaccrual loans are included in the computation of average, but unpaid interest has not been included for purposes of determining interest income.

(4) Short-term investments include FHLB overnight deposits and other interest-bearing deposits.

(5) Net interest margin is calculated as net interest income divided by total interest-earning assets.

(6) Cost of funds is calculated as total interest expense divided by total interest-bearing liabilities plus demand deposits and escrow accounts.

(1) The net interest rate spread represents the difference between the weighted-average yield on interest-earning assets and the weighted-average cost of interest-bearing liabilities for the period.

(2) The net interest margin represents net interest income as a percent of average interest-earning assets for the period.

(3) The efficiency ratio represents noninterest expense divided by the sum of net interest income (before the credit loss provision) plus noninterest income.

(4) For purposes of calculating this ratio, commercial real estate includes all non-owner occupied commercial real estate loans defined as such by regulatory guidance, including all land development and construction loans.

(5) Includes the loan servicing rights asset.

(6) Tangible book value per share represents total shareholders' equity less the sum of preferred stock and intangible assets divided by common shares outstanding.
